

2021 National Environmental Justice Conference & Training Program

Enhancing Communities Through Capacity Building & Technical Assistance

2021 National Environmental Justice Conference and Training Program is POSTPONED

We have made the decision to postpone the 2021 National Environmental Justice Conference and Training Program. There is a continuing health emergency declaration in the District of Columbia that would prohibit an in-person gathering the size of the conference at this time. We do not expect this health emergency to be lifted by the currently scheduled conference dates. Additionally, due to the change in Administrations several of our Federal agency partners and participants are undergoing personnel and policy changes and we want to also give them an opportunity to adjust and be able to fully participate in the conference.

We will continue to monitor the situation and will make a decision on whether to have an in-person conference or another virtual conference in the next two to three months. If you have any questions in the meantime, please contact us at email@thenejc.org or 202-827-2224.
